

Lake Worth Monster Bash

Saturday, October 2 from 10am—3pm

Forty-one years ago, Fort Worth was abuzz with reported sightings of the Lake Worth Monster — described as a hairy, scaly 7-foot-tall man-goat-beast. The Fort Worth Nature Center & Refuge is celebrating this legend at the Lake Worth Monster Bash.

Join us for a festival with food, music, games & lots of family activities including hayrides, canoeing, monster stories & hikes, goat-hair weaving demonstrations, music, book signings by local authors, & bison-feeding.
